

Christmas Stocking Poem

Though Christmas is far off, we know, it wouldn't be so shocking
To put a nickel in the toe of your LWML Christmas stocking.

Since February is the second month, you'll put in two, you see,
While March, the third month of the year will call for nickels three.

With April over, you will have four more nickels than you had.
Next comes the pleasant month of May when five more you will need.

Six in June, seven in July, see how your gift is growing?
In August there'll be eight more nickels into the stocking going.

September nine, October ten, eleven in November,
December calls for nickels twelve. You surely will remember.

Your Christmas nickels now are ready. Count seventy-eight in all.
Or should you put a few more in; We wouldn't mind at all.

Now bring your Christmas stocking (Be sure you don't forget).
To the regular Christmas party and make it the best one yet!
