

## **MEMBERSHIP REPORTS**

### **Lutheran Women's Missionary League Texas District**

Each fall the Vice President of Organizational Resources will send the membership report forms for LWML groups, zones, and individual memberships to the zone president. Forms should be disbursed, completed, and returned according to the required timelines, as timely and accurate membership information is needed for the LWML and the LWML Texas District to plan for each biennium.

Current membership forms are available on the website, [lwmltxdist.org](http://lwmltxdist.org), under Membership (About Us tab) and in the Leader's Manual (Resources tab). Zone leaders may also refer to the Zone Leaders section of the Leader's Manual for more information and timelines.

Though only *active church groups* and *active individual members* are reported to national LWML according the LWML guidelines for **LWML Church Group and Member Reporting** (September 15, 2022), the LWML Texas District requests that zone presidents make every effort to keep contact information (as they would for any active group) for any supporting church group(s) in their respective zones. Zone presidents should report to the Vice President of Organizational Resources any church group that states they are inactive or wants to disband so that the district may demonstrate efforts to work with the group(s) before disbandment occurs.
